

Vermont Interfaith Power & Light

What: Ascension is a member congregation of Vermont Interfaith Power & Light (VTIPL). Ascension help organize VTIPL, participating in work to define its mission and building a structure. VTIPL was organized to help congregations of all faiths in Vermont to take steps to reduce the threat posed to life on Earth by Climate Change. The mission of VTIPL is to minimize the contribution of the faith community to the causes of the crisis of Climate Change.

When: Ongoing

Who: Sam Swanson and Pastor Nancy Wright serve on the Board of Directors of VTIPL. Sam is currently the President of VTIPL.

Volunteer assistance is welcome. Everyone can help by taking steps in our personal lives and by supporting actions at Ascension that reduce the use of oil, natural gas, gasoline, airplane fuel and coal.

How: Ascension makes an annual cash contribution to VTIPL and is a member congregation. Several people from Ascension are individual members of VTIPL and make much needed cash contributions. When Ascension takes steps to improve energy efficiency at the Church and in our individual homes and in other aspects of our lives and the life of the Church, we contribute to the mission of VTIPL. We encourage individuals to join VTIPL.
